✓ Original Taxi	✓ Vehicle Safety Defect Corrected	✓ Call Title Division
✓ Original Police	✓ VIN replaced by a new state assigned VIN	✓ Rectify Previous Exceeds Mechanical Limits Brand
✓ Re-manufactured	✓ Gray Market	✓ Pending Junk Automobile
✓ Reserved	✓ Gray Market	✓ Junk Automobile

## Possible Open Recalls

**2** | Open Recalls Found

**Components:** Inoperative Purge Solenoid

**Report Receipt Date:** 06/26/2018

**NHTSA Campaign:** NotAvailable

**Summary:** Some 2015 model year various makes and model vehicles, may have an inoperative purge solenoid that could lead to excessive fuel vapors entering the combustion chamber from the fuel tank. This condition could result in no start, idle stall, and possible drivability issues such as hesitation. The driver may see a check engine light, and may notice a ticking noise, and variation in idle speed. The driver may experience this condition most immediately after filling up the vehicle with gas or while coming to a stop. This special coverage covers the condition described above for a period of 10 years or 120,000 miles (193,000 km), whichever occurs first, from the date the vehicle was originally placed in service, regardless of ownership.

**Consequence:**

**Remedy:** Dealers are to inspect for a leak in the solenoid assembly and replace if necessary. The repairs will be made at no charge to the customer.

**Notes:**

**Components:** Frontal Airbag and Pretensioner Non Deploy

**Report Receipt Date:** 09/08/2016

**NHTSA Campaign:** 16V651

**Summary:** General Motors has decided that a defect which relates to motor vehicle safety exists in certain 2014-2017 model year Chevrolet Silverado LD, GMC Sierra LD, Buick Encore, Chevrolet Trax, Chevrolet Caprice Police, and Chevrolet Corvette vehicles, 2014-2016 model year Buick Lacrosse, Chevrolet Spark EV, and Chevrolet SS vehicles and 2015-2017 model year Chevrolet Silverado HD, GMC Sierra HD, GMC Yukon, GMC Yukon XL, Cadillac Escalade Cadillac Escalade ESV, Chevrolet Suburban, and Chevrolet Tahoe vehicles. The sensing and diagnostic module (SDM) in these vehicles, which controls airbag and pretensioner deployment, contains a software defect which may prevent the deployment of frontal airbags and pretensioners in certain rare circumstances. If the frontal airbags and seatbelt pretensioners do not deploy when required, there is an increased risk of injury to occupants in a crash.

**Consequence:** If the frontal airbags and seatbelt pretensioners do not deploy when required, there is an increased risk of injury to occupants in a crash.

**Remedy:** Reprogram the SDM with new software that eliminates this defect. In vehicles with any previous deployment events recorded in the SDM, dealers will replace the existing SDM with a new SDM prior to programming and setup. Note: Before replacing the SDM, any airbag related Diagnostic Trouble Codes should be identified, diagnosed, and corrected prior to SDM replacement. Faulty SIR components in need of replacement are unrelated to this safety recall and are not covered under the terms of this safety recall.

**Notes:**

## Possible Other Recalls

7 | Other Recalls Found

<b>Components:</b>	Seat Belts:pretensioner
<b>Report Receipt Date:</b>	07/10/2017
<b>NHTSA Campaign:</b>	17v437000
<b>Summary:</b>	General Motors LLC (Gm) IS Recalling Certain Model Year 2014-2016 Buick Lacrosse and Chevrolet Spark EV, Caprice PPV and SS Vehicles, 2014-2017 Buick Encore and Chevrolet Corvette, Silverado 1500 and GMC Sierra 1500 Vehicles, 2015-2016 Cadillac Escalade and Escalade Esv, Chevrolet Tahoe, Trax, Suburban and Silverado 2500 and 3500 and GMC Yukon and Yukon XL Vehicles, and 2015-2017 GMC Sierra HD 2500 and 3500 Vehicles. While Being Previously Remedied FOR Recall 16v-651, THE Affected Vehicles MAY NOT Have Received THE Complete Software Update Necessary TO Remedy THE Recall Condition. Without THE Update, Certain Driving Conditions MAY Cause THE AIR BAG Sensing and Diagnostic Module (Sdm) Software TO Activate A Diagnostic Test. During This Test, Deployment OF THE Frontal AIR Bags and THE Seat Belt Pretensioners Would NOT Occur IN THE Event OF A Crash.
<b>Consequence:</b>	A Failure OF THE Front AIR Bags or Seat Belt Pretensioners TO Deploy IN THE Event OF A Crash Necessitating Deployment Increases THE Risk OF Injury TO THE Driver and Front Passenger.
<b>Remedy:</b>	GM Will Notify Owners, and Dealers Will Reflash THE SDM Software. Vehicles That Have HAD A Previous AIR BAG Deployment Will Have THE SDM Replaced. These Repairs Will BE Performed Free OF Charge. THE Recall Began ON August 4, 2017. Owners MAY Contact Buick Customer Service AT 1-800-521-7300, Cadillac Customer Service AT 1-800-458-8006, Chevrolet Customer Service AT 1-800-222-1020, or GMC Customer Service AT 1-800-462-8782. Gm's Number FOR This Recall IS 17287.
<b>Notes:</b>	Owners MAY Also Contact THE National Highway Traffic Safety Administration Vehicle Safety Hotline AT 1-888-327-4236 (Tty 1-800-424-9153), or GO TO <a href="http://www.safercar.gov">www.safercar.gov</a> .

<b>Components:</b>	AIR Bags:frontal:sensor/Control Module-Inactive
<b>Report Receipt Date:</b>	07/10/2017

**Components:** AIR Bags:side/Window

**Report  
Receipt Date:** 10/16/2015

**NHTSA  
Campaign:** 15v666000

**Summary:** General Motors LLC (Gm) IS Recalling Certain Model Year 2015 Buick Lacrosse, Cadillac Xts, Chevrolet Camaro, Equinox, Malibu, and GMC Terrain Vehicles. THE Affected Vehicles Have Front Seat-Mounted Side Impact AIR Bags Whose Inflator MAY Rupture Upon ITS Deployment.

**Consequence:** IN THE Event OF A Crash Necessitating Deployment OF ONE or Both OF THE Side Impact AIR Bags, THE AIR Bag's Inflator MAY Rupture and THE AIR BAG MAY NOT Properly Inflate. THE Rupture Could Cause Metal Fragments TO Strike THE Vehicle Occupants, Potentially Resulting IN Serious Injury or Death. Additionally, IF THE AIR BAG Does NOT Properly Inflate, THE Driver or Passenger IS AT AN Increased Risk OF Injury.

**Remedy:** GM Will Notify Owners, and Dealers Will Replace THE Side Impact AIR BAG Modules, Free OF Charge. THE Recall Began ON October 19, 2015. Owners MAY Contact Buick Customer Service AT 1-800-521-7300, Chevrolet Customer Service AT 1-800-222-1020, Cadillac Customer Service AT 1-800-458-8006, or GMC Customer Service AT 1-800-462-8782. Gm's Number FOR This Recall IS 01320.

## Possible Warranties

**5** | Warranties Found

#	Type	Miles	Months
1	Warranty full maintenance	24000 miles	24 months
2	Warranty roadside assistance	70000 miles	72 months
3	Warranty powertrain - M	70000 miles	72 months
4	Warranty whole vehicle - M	50000 miles	48 months
5	Warranty anti-corrosion	621388 miles	72 months

**Are you a California Resident?** Report something missing or inaccurate by visiting: [beenverified.com/contact/vehicle-history-report-inquiry/](https://beenverified.com/contact/vehicle-history-report-inquiry/)

**Disclaimer:** This report does not contain detailed information regarding a vehicle's repair history nor information on all motor vehicles in the United States because some states are not yet providing their vehicle data to the system. Currently, the data provided by states is provided in a variety of time frames; while some states report and update data in "real-time" (as title transactions occur), other states send updates less frequently.

Information on previous, significant vehicle damage may not be included in the system if the vehicle was never determined by an insurance company to be a "total loss" or branded by a state titling agency.

A vehicle history report is NOT a substitute for an independent vehicle inspection. Before making a decision to purchase a vehicle, users are strongly encouraged to also obtain an independent vehicle inspection to ensure the vehicle does not have hidden damage.

It may not currently include commercial vehicles if those vehicles are not included in a state's primary database for title records (in some states, those vehicles are managed by a separate state agency), although these records may be added at a later time.

Brand types and definitions vary by state, but may provide useful information about the condition or prior use of the vehicle.

The information used to compile this report is aggregated from various government agencies, non-profit organizations, and industry sources. The accuracy and reliability of the information supplied depends primarily on the reporting sources, and all entities involved in compiling this report accept no liability for any errors or omissions.

---

**NMVTIS Disclaimer:** The National Motor Vehicle Title Information System (NMVTIS) is an electronic system that contains information on certain automobiles titled in the United States. NMVTIS is intended to serve as a reliable source of title and **brand** history for automobiles, but it does not contain detailed information regarding a vehicle's repair history.

All states, insurance companies, and junk and salvage yards are required by federal law to regularly report information to NMVTIS. However, NMVTIS does not contain information on all motor vehicles in the United States because **some states** are not yet providing their vehicle data to the system. Currently, the data provided to NMVTIS by states is provided in a variety of time frames; while some states report and update NMVTIS data in "real-time" (as title transactions occur), other states send updates less frequently, such as once every 24 hours or within a period of days.

Information on previous, significant vehicle damage may not be included in the system if the vehicle was never determined by an insurance company (or other appropriate entity) to be a "total loss" or branded by a state titling agency. Conversely, an insurance carrier may be required to report a "total loss" even if the vehicle's titling-state has not determined the vehicle to be "salvage" or "junk."

A vehicle history report is NOT a substitute for an independent vehicle inspection. Before making a decision to purchase a vehicle, consumers are **strongly encouraged to also obtain an independent vehicle inspection** to ensure the vehicle does not have hidden damage. The **Approved NMVTIS Data Providers** (look for the NMVTIS logo) can include vehicle condition data from sources other than NMVTIS.

#### **Consumer Access Product Disclaimer**

NMVTIS data **INCLUDES** (as available by those entities required to report to the System):

- Information from **participating** state motor vehicle titling agencies.
- Information on automobiles, buses, trucks, motorcycles, recreational vehicles, motor homes, and tractors. NMVTIS may not currently include commercial vehicles if those vehicles are not included in a state's primary database for title records (in some states, those vehicles are managed by a separate state agency), although these records may be added at a later time.
- Information on "brands" applied to vehicles provided by participating state motor vehicle titling agencies. Brand types and definitions vary by state, but may provide useful information about the condition or prior use of the vehicle.
- Most recent odometer reading in the state's title record.
- Information from insurance companies, and auto recyclers, including junk and salvage yards, that is required by law to be reported to the system, beginning March 31, 2009. This information will include if the vehicle was determined to be a "total loss" by an insurance carrier.
- Information from junk and salvage yards receiving a "cash for clunker" vehicle traded-in under the Consumer Assistance to Recycle and Save Act of 2009 (CARS) Program.

Consumers are advised to visit [www.vehiclehistory.bja.ojp.gov](http://www.vehiclehistory.bja.ojp.gov) for details on how to interpret the information in the system and understand the meaning of various labels applied to vehicles by the participating state motor vehicle titling agencies.
